

How to Determine Which Chemicals to Enter into Chematix

- If you answer “Yes” to BOTH of the questions below, you must enter the chemical in your inventory:
 - 1) Is it a research chemical?
 - 2) Is it a hazardous chemical (acid, base, oxidizer, corrosive, etc)?
- Not tracking:
 - 1) FDA regulated drugs
 - 2) Consumer/commercial products
- Not sure? Check the Chematix CAD
- Still not sure? Call us.
