**Why is the university requiring criminal background checks prior to participating in activities involving minors?**

The university is committed to promoting the well-being and safety of children who participate in university programs or activities and in programs that outside organizations deliver on campus. Criminal background checks may reveal prior convictions that would make it inappropriate for someone to participate in a program or activity with minors. Program or activity directors, staff, volunteers and all authorized adults working with minors in university programs or activities are required to complete a background check every 3 years.

**Who is required to have a criminal background check?**

All “authorized adults” who have “direct contact” with minors are required to complete a criminal background check. Authorized adults are defined as individuals, paid or unpaid, who interact with, supervise, chaperone, or otherwise oversee minors in program activities, or recreational, and/or residential facilities. This includes but is not limited to faculty, staff, volunteers, graduate and undergraduate students, interns, employees of temporary employment agencies, and independent contractors/consultants.

Direct contact is defined as providing care, supervision, guidance or control of minors and/or having routine interaction with minors.

Temporary guest speakers, presenters and other individuals who have no direct contact with program participants other than short term activities supervised by program staff are not required to have a criminal background check.

Human Resources oversees the processing of criminal background checks for university programs and activities. More information concerning how to request background checks and their cost can be found at their website.

Any requests for clarification as to whether a particular program or activity is subject to this policy should be sent to Risk Management & Safety. Requests for a waiver to all of, or any portion of, this policy should first be approved by the program director and his or her dean or director. The request should then be sent to Risk Management & Safety for appropriate review with the review committee using the Policy on Minors Program/Activity Departmental Request for Exemption Form. Risk Management & Safety will review the request with the appropriate
members of the review committee and may request additional information or supporting documentation as needed. The review committee will advise the program director in writing as to their decision.

Please allow up to 2 weeks for a response from the review committee regarding exceptions to this policy.

**When might I need to make a report under the Child Protection and Reporting of Child Abuse Policy?**

If you are participating in a program or activity involving minors and you know, suspect, or receive information indicating that a minor has been abused or neglected or is otherwise unsafe, you must make a report. Please call 911 immediately the review the [Child Protection and Reporting of Child Abuse Policy](#) for further information.

**What if I’m not sure whether a minor I’m working with has been abused or neglected?**

If you have any suspicion that a child has been abused or neglected, report it---even when you have doubts, it is better to report your suspicions than to ignore them.

It is the university’s position that, in addition to the mandated statutory reporting requirements for certain individuals and entities, all university personnel and volunteers who have a reasonable cause to suspect that a child is being abused or neglected must immediately make a report. Neither Alabama law nor any university policy allows you to delegate the duty to report child abuse or neglect.
