AUBURN UNIVERSITY IS AN EQUAL OPPORTUNITY EDUCATIONAL INSTITUTION/EMPLOYER.
Issues surrounding sexual assault and consent have just as much to do with men as they do with women. If men do not educate themselves about sexual assault and the risks they take when choosing to engage in sexual activity, they can easily find themselves in unclear situations that leave them vulnerable to inquiry by law enforcement.

sexual assault is something to speak up for...

Become a Safe Harbor advocate and be part of a multi-disciplinary team of partners called the Sexual Assault Response Team (SART). The team approach to helping survivors of sexual assault and dating/domestic violence is vital to ensuring that a survivor-centered approach is taken during the recovery process.
