The Principal Investigator Handbook assists faculty and staff with the administrative aspects of sponsored projects. The Handbook has three main goals: (1) To provide guidance in regard to the development and administration of sponsored projects; (2) To inform Principal Investigators/Project Directors (PIs/PDs) of their roles and responsibilities in sponsored projects administration and compliance and to indicate the roles of staff in supporting the research effort; and (3) To collect and organize information pertinent to sponsored projects administration in a single document and make that information accessible to all interested parties.

Administrative Face Page/Endorsement Page:
In lieu of an agency application form, the following should be provided on a proposal cover page for written institutional endorsement:

- **Project Title**
- **Agency / Sponsor**
- **Institution's name & address**
- **Investigator(s) name(s)**
- **Phone, fax, & / or email for investigators**
- **Proposed amount**
- **Proposed project period**
- **Signature of Investigator(s) & authorized institutional representatives**

Proposals indicating the use of subcontractors or consultants should contain the following:

**Subcontractors**: A detailed statement of work and a detailed budget indicating the activities, level of involvement, and costs proposed by the subcontractor. This information should be presented in a way to distinguish it from the activities and costs of AU. A letter of commitment signed by an authorized representative of the subcontractor is also required. The AU Investigator should be prepared to explain the reasons for choosing the particular subcontractor.

**Consultants**: A statement of work and indications of rates to be charged should be included in the AU proposal in the form of a letter of commitment from the consultant showing his or her willingness to be a part of the AU effort.

Important Definitions:

Off-campus definition: "For all activities performed in facilities not owned by the institution and to which rent is directly allocated to the project(s), the off-campus rate will apply. Grants or contracts will not be subject to more than one F&A cost rate. If more than 50% of a project is performed off-campus, the off-campus rate will apply to the entire project."

Research: Systematic study that is undertaken in order to gain a fuller scientific knowledge or understanding of a subject.

Basic Research: Research for the purpose of gaining a fuller knowledge or understanding of a subject without seeking specific ways to put that knowledge to work in new processes or products.

Applied Research: Research that seeks knowledge or understanding so that recognized and specific needs might be met.

Developmental Research: Putting information gained from research to use to create new products or processes.

Organized Research: All research and development activities of an institution that are separately budgeted and accounted for by project. This includes specific research projects funded by Auburn University as well as extramurally funded projects. Code: OR

Instruction: Except for research training, instruction includes all teaching and training, whether for credit toward a degree or certificate or on a non–credit basis. Code: IN (IN includes departmental research)

Other Sponsored Activities: Programs and projects supported by outside sponsors that involve performing work other than Instruction and Organized Research. University Outreach and Cooperative Extension are usually a part of this function. Code: OS
