“(Camp Name) is solely operated by (Legal Name of Entity), which is not affiliated with the Board of Trustees of Auburn University or Auburn University.”

**EXTERNAL ENTITIES/LLCS OWNED BY UNIVERSITY EMPLOYEES**

University employees who have ownership of External Entities/LLCs which operate Youth Programs on the AU campus should take steps to ensure that they are keeping their external business interests separate from their work at the University as required by the [Conflict of Interests Policy](#). Work associated with the External Entity/LLC should be conducted outside of the University-paid workday. University employees who work as staff at events sponsored by external entities should take leave for the duration of the program.

Per the State of Alabama, University property, equipment, finances, materials, electronic and other systems, and other resources may only be used for University purposes or accepted incidental purposes as explained in other relevant University policies. In other words, University resources must be used for University business purposes and not for personal or External Entity/LLC gain. Additionally, the [Appropriate Use of Information Technology Policy](#) states that University Information Technology resources are to be used in a manner consistent with the mission of the University, and in compliance with Federal, State and local statutes. These systems are to be used for conducting University business only and the use of this equipment for personal commercial purposes or for personal financial or other gain is strictly prohibited. These systems are not to be used for soliciting outside business ventures or soliciting for non-University related purposes.
BACKGROUND CHECKS FOR THIRD-PARTY YOUTH PROGRAMS

All Youth Programs owned or operated by External Entities that are required to be registered in accordance with the Youth Protection Policy must provide an attestation certifying that all of the Youth Program’s Event/Program staff (including all employees and volunteers) have been subject to background checks as outlined herein within the last three years. Only Event/Program staff certified as passing background checks within the last three years will be allowed to participate in the program. Programs shall not knowingly permit any staff to participate in program activities if the employee or volunteer does not pass the background check. Programs that fail to comply with the Youth Protection Policy and these background check requirements may be subject to suspension or termination of operations.

The External Entity may conduct background checks through a vendor of their choice, at their own expense, as long as they provide written certification that all staff have been checked AND as long as the checks conducted meet University standards.

Each criminal background check must include, at a minimum, the requirements and parameters of the Standard Background Check detailed in the Policy on Background Checks.

All Third-Party Youth Programs must be registered and receive final approval before program activities begin. Registration for ongoing and pre-established programs must be completed annually prior to the beginning of the University academic year. Registration for other programs should be completed no less than 90 days in advance when possible but must be completed and approved before the program begins.

Required documentation to initiate the registration and approval process for a Third-Party Youth Program includes:
