

Postdoctoral Fellow Poster Session

10:00-11:30 in the Ballrooms.

Learn more about the research our postdoctoral fellows are doing in this interactive poster session.

Lightning Talks and Panel Discussion Sessions

Three panels 11:30 - 2:00 in Room 3163

o 3 minute-lightning talks - Each panelist will give a lightning talk about their research area. They will pitch this talk to a broad academic audience. The purpose is for the audience to get an overview of what the postdocs are doing in their research.

o Panel discussion will follow the lightning talks and will focus on insights and suggestions for successfully pursuing and succeeding in a postdoctoral fellowship position. There will be some time for Q&A from the audience.
