## Adrienne Gutknecht is a member.

*"When I started my first day of nursing school, I thought I was just another student at Auburn University. But over the next two years, the excellent professors and staff transformed my classmates and me into hardworking, intelligent, and compassionate nurses."*

## Adrienne is just one example of how the Auburn School of Nursing is transforming lives.

*"The program demanded dedication, endurance, and hard work. I always appreciated my professors' encouragement and desire to help each of us to succeed, but I also saw the need for more resources. I believe Auburn graduates nurses who are prepared to succeed in all areas of nursing. I choose to give back to support this great program so that more students may have the opportunity to be transformed into great nurses."*

Adrienne, MSN, FNP-BC, APRN, graduated in 2008.

## So join the Club. The 79 Club.

All it takes is \$15 a month.

The 79 Club gets its name from the year the School of Nursing was founded at Auburn. Jimmy Carter was president and a gallon of gas cost 86 cents. Margaret Thatcher became the first female prime minister of the United Kingdom and Mother Teresa was awarded the Nobel Prize for Peace. Sony released a cassette tape player called the Walkman, and McDonald's first introduced the Happy Meal. ESPN debuted and *Star Trek: The Motion Picture* was released.
