

**SOUTHERN AFRICA MATHEMATICAL SCIENCES ASSOCIATION ANNUAL
CONFERENCE
SAMSA 2021 (VIRTUAL CONFERENCE)**

Conference Dates: November 22-24, 2021

The Southern Africa Mathematical Sciences Association invites you to a virtual conference from November 22-24, 2021. This conference will, among other things, create meaningful avenue for new and established researchers to share their research findings as well as problem solving techniques. The SAMSA 2021 virtual conference will be hosted in partnership with Auburn University, USA. An electronic certificate will be issued to each presenter.

CONFERENCE THEME: “On Recent Advances in Mathematical Sciences and their Applications Towards Sustainable Development”.

TOPICS: Presentations at the conference will cover all fields of pure and applied mathematics, including, but not limited to, Analysis, Algebra, Graph Theory, Combinatorics, Differential geometry, Financial Mathematics, Mathematical Biology, Industrial Mathematics, Theoretical fluid dynamics, Statistics and Data Science.

REGISTRATION: The conference participation is free. For registration to participate in the conference, visit the link. [Click here](#) (or paste the link <https://forms.gle/v6mrKwRRGZeoNXz89> in your browser)

CALL FOR ABSTRACTS: Abstracts must be prepared in LaTeX using a template that will be provided to the registered participants website (<http://samsa-math.org/>). The deadline for submission of abstracts is October 31, 2021, and should be sent to Dr. H.J.B. Njagarah (njagarahh@biust.ac.bw) and copied to Dr J. Malinzi (josephmalinzi1@gmail.com).

IMPORTANT DATES AND DEADLINES:

- October 20, 2021: Registration deadline for participants planning to present.
- October 31, 2021: Deadline for submission of abstracts for inclusion in the book of abstract.

INQUIRIES:

- SAMSA president: Prof. S. Motsa (e-mail: Sandilemotsa@gmail.com)
- SAMSA Vice President: Dr F. Mhlanga (e-mail: farai.mhlanga@ul.ac.za)
- SAMSA Secretary: Dr H.J.B. Njagarah (e-mail: njagarahh@biust.ac.bw)
