

AUBURN UNIVERSITY
POLICY AND PROCEDURE
12 and 15-PASSENGER VANS

This policy and procedure pertains to 12 and 15-passenger vans owned and operated by Auburn University and has been prepared due to the risks associated with these vehicles. Studies by The National Traffic Safety Administration indicate that 12 and 15-passenger vans have an increased propensity to rollover as the number of passengers or load increases.

Our information reveals that 12 and 15-passenger vans are used Campus wide for transportation of passengers and cargo. 12 and 15-passenger vans are manufactured to truck standards, with the end use intended for the hauling of cargo. 12 and 15-passenger vans can be considered a basic cargo van that has rows of bench seats bolted onto the floor.

The following Policy and Procedure for 12 and 15-passenger vans has been developed to promote safety and protect the University against injuries and financial loss.

POLICY AND PROCEDURE FOR 12 and 15-PASSENGER VANS

1.1 REPLACEMENT OF 12 and 15-PASSENGER VANS

Departments should replace their 12 and 15-passenger vans used for transporting passengers with alternative forms of transportation when it is time to purchase new or replacement vehicles. Type A Buses are strongly recommended. They are designed for transportation of multiple passengers and come with many safety features. For the purposes of this policy, a type A Bus is a conversion or body constructed upon a van-type or cutaway front-section vehicle with a left side driver's door designed for carrying more than 10 persons. All type A Buses shall have dual rear wheels. Seven (7) passenger mini-vans and sport utility vehicles (SUV's) may also be considered. These buses, mini-vans, and SUV's can be purchased on state contract or specifications can be submitted for bidding. Auburn University's Payment and Procurement Services should be contacted to assist with this transaction. The department purchasing the vehicle should allow ninety (90) days for delivery.

1.2 SAFETY REQUIREMENTS FOR 12 and 15-PASSENGER VANS CURRENTLY IN AUBURN UNIVERSITY FLEET

Departments may continue to utilize 12 and 15-passenger vans currently in their fleet but must enforce these recommendations until these vans are replaced with alternative forms of transportation.

1.2.1 Professional Behavior: All drivers of Auburn University vehicles are expected to conduct themselves in a professional manner when operating a vehicle on Auburn University business.

1.2.2 Drivers' License: All operators of Auburn University vehicles should be in possession of a valid drivers' license.

1.2.3 Driver Training: All operators, including faculty, staff, student drivers and volunteers, of 12 and 15-passenger vans and type A Buses must attend the 12 and 15-Passenger Van Driver Training Class. This program is tailored to meet the requirements for operating 12 and 15-passenger vans and is offered at various times each month by the Office of Risk Management and Safety. All operators must complete this training program before operating a 12 or 15-passenger van. Other driver training programs may substitute upon review and approval by Risk Management and Safety.

1.2.4 Cellular Telephones: Cellular telephones should not be used while operating a vehicle.

1.2.5 Number of Occupants: The number of occupants in a 12 or 15-passenger van shall be less than eight (8). Rear seats should be removed to prevent loading to capacity.

1.2.6 Motor Vehicle Records: All operators of 12 and 15-passenger vans will be subject to periodic driver record checks. Unacceptable driving records will revoke driving privileges.

1.2.7 Seat Belts: Seat belts and other occupant restraint devices should be worn at all times by all occupants. Any malfunctioning seat belts should be repaired or replaced immediately.

1.2.8 Vehicle Operation: The vehicle should be operated in accordance with all traffic laws, ordinances, and regulations. Operator should not drive if drowsy or under the influence of any substance.

1.2.9 Limit Driving Time: All operators should take frequent breaks. Additional qualified drivers should be available for long trips.

1.2.10 Manufacturer Safety Information: Manufacturer Safety Material should be available and reviewed by all 12 and 15-passenger van operators. Special attention should focus on proper loading of the van according to manufacturer recommendations.
