Spring Break 2011 International Trip Participant Application
Due Date: November 12th at Noon

Thank you for your interest in participating in Auburn University’s Alternative Student Breaks program! This year we are expanding our program and will be traveling to nine different sites. ASB promises to be an exciting and rewarding experience! We are glad you are considering spending one of your academic breaks working in service to help others.

What is Alternative Student Breaks?
The Alternative Student Break program places a team of college students in a community to engage in service and experiential learning. The objective of an Alternative Student Break is to involve college students in community-based service projects and to give students opportunities to learn about the problems faced by members of other communities. Being completely immersed in diverse environments enables participants to experience, discuss, and understand social issues in a significant way. The intensity of the experience increases the likelihood that participants will transfer the lessons learned on-site back to their own communities after the Alternative Student Break ends.

ASB Mission
The mission of the Alternative Student Break program is to engage Auburn University students in an affordable, substance free experiential service learning project that encourages an understanding of pressing social issues in a significant way.
